

Ma'am.

Long time
no see.

Ah...
It... is is...
How are you
doing?

You
seemed so
good. I'm very
happy and
energized.

What's
that?

Go...
that lady is
a great ally...

Young master's
originally to-be fiancée
the lord's daughter,
dear lady.

SHUFFY
BARTHOLOMEW

It's ah,
the new built
house looks
very refined.

Is that
of?

Oh...

Last time
you didn't come
to the women's
society's
meeting.

You have
never missed
it once...

Ah...

Well... I was
a bit busy...
because of
our house's
renovating.

Ah, yes-
I thought that
you didn't come
because of our
disengagement.

SPLURT

Well,
you must've
been busy to
renovate it
this much.

Eh... you...

There seemed to
be a huge racket
on the day of the
wedding, according
to the rumors.

And that
your son ran
away after
the wedding..

It's... it's...

Now that I
think about it,
this all began
because of
the wedding.

Ah! Yes,
let's do
that.

Now that
our governor
has finished the
renovation,

let's
hold our next
woman's wedding's
wedding here, at
your residence.

Don't you
think it's a
good idea?

pant
pant

Congratulations
on your wedding.

I hope
for you two
to grow old
together.

I apologise
that I couldn't
say it earlier.

Vacantly

—

Uh...

Uh...
Yeah...

What's
with that?
I was on alert
to see a good
person."

There'd no
need for you
to apologise.

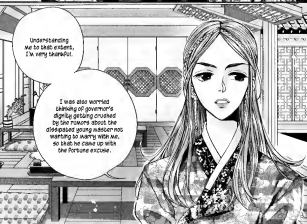

Even though it was said that we broke our engagement off because of our fortune, but if you look at it from a different view, doesn't it look like you were rejected from our side?

!?

It would be too much to ask that from you, when you've been rejected.

I understand.

Understanding me to that extent, I'm very thankful.

I was also worried thinking of governor's dignity getting crushed by the rumors about the dissipated young master not wanting to marry with me, so that he came up with the fortune excuse.

Seol lady, the oldest of Lord Kim's daughters, for there she is the most popular female in Yeon-nan. Starting from the strict gynocium⁴, there was nothing she couldn't do, if it was art, then she was best as that, tea ceremony to crafting, you could say that she was the best of the best amongst the gynocium ladies.

But on top of that she's a prestigious influential man's daughter and she even has a fine personality, so she definitely can't be Shibasaki young master's type!

?!

So you are...
the person who
has married the
young master.

I've
heard a lot
about you.

...so?

ANNOYED

What's with
this woman?
Why is she
scanning me
up and down?
Feels
unpleasant...

To be honest, I
came here to invite
lady Bonneau to our
society meeting.

...Meeting?

tap

It's a meeting
called 'The gold
ladies meeting'.

It's a meeting held
each month, where
all the noble ladies
gather and reflect
what a woman needs
to look like.

I didn't know
you were such
an arrogant
person.

What
did you
say?!

The hell...
etc. got caught
badly..

...

I've experienced your
redness since I was a child.
I may not like Boreum,
Byeom or whatever her
name is, but I feel bad
for her.

Rude?!

My name is
Far From being
rude!

It's Park
Boreum!!
And you might
not know
what!

tremble.
tremble

Got
since I
came here,
I did an
amazing
job...

I know.
You swept up the
Jeok-yeong bandits
group, and saved
young Master
Onbok.

But—

Is that
something
fit as a
noble lady's
wife?

Your job isn't meant
to sweep the bandits,
but to protect the
dignity of a noble.

Not even that—
you, who has a
terrifying tattoo
on your face.

Now, can you
say that you are
protecting the
dignity of the
Yen-an governor?

Don't you know that
you're destroying the
dignity here with your
foolish and lowly
words?

I think
that you're
interfering with
other people's
domestic
affairs.

Don't tell me that that
ritualistic hair ornament
you didn't wait for wasn't real?

No, this
isn't a simple
problem within
the government's
residence.

His wife? Please don't
blame your word.

As I am a
daughter of a
noble house, how
can I close my eyes
when an aristocrat's
reputation is getting
stained up.

High school
is almost
finished...

Yes, yes,
did you hear?
That lady just
got rejected!

Get
ready?
Yes?

I heard that the fortune came out like a dog's shit or something? Kana. Ah, but do you really think it's true? It seems like the owner would feed a better dog—

Oh my! She always acts so elegant, but even she can get dumped.

Oh my— Lady that, did you hear that? Young master Sakuraki's soon to be wife—

She's your father's favorite daughter whom only lived in the mountains.

Ah my! I thought that she would be someone destined to get married to Sakuraki, winning the young master over you.

and we thought that she was a lady of a nobleman.

Ah my! It's not anything like that!

Ah, right they broke up because of the fortune, huh?

You're so silly!

That's it,
the water you spill
over is splashing
on me

Then,
please consider
what I just
said.

I'll be
leaving now.

...Wait.

You
didn't hear
Agi answer,
yet.

Right?

Ag...
Agi says -
what's with
your way of
speech?

Graceful
way of
speech

After a moment, I walked to the back of the house to get to the back.

What
answer are
you talking
about?

Didn't
you come
here to invite
me to come
meeting?

...I didn't
we already
talked it
through?

What's over?! The
manner that you've
been talking about,
is that attacking one
person one-sidedly?!

BURST

I'll go there!
That place called
the women's
quarters!

Please lower
your voice. And as
I've said you before,
with Lady Serenus's
lack of education, you
won't be able to...

It- culture,
culture! Do you
know me
that well?!

It's not (culture) and culture (person)
around Serenus in Kouron.

Have you seen
it for yourself?
If I've got a
cat or not!

My lady,
it's not a cat,
but culture,
education!

GRRRRR

Say is clearly
Tas being
joke's talking
about...

What is that
culture a noble
lady has?

You must
have superior
character, education,
no exceptions for tea
ceremonies, poems,
knowledge, arts and be
proficient in all
of those...

What is the
meaning that
brings it?

So, well,
are you showing
off with stuff
like that?

I thought
said it would be
something impressive
kind since you said
it so seriously

It's just
drinking tea,
being polite and
good at arts

Please
don't say it like
are doing. The noble
lady's daughters get
accustomed to this
throughout their
whole life.
